

Follow these tips

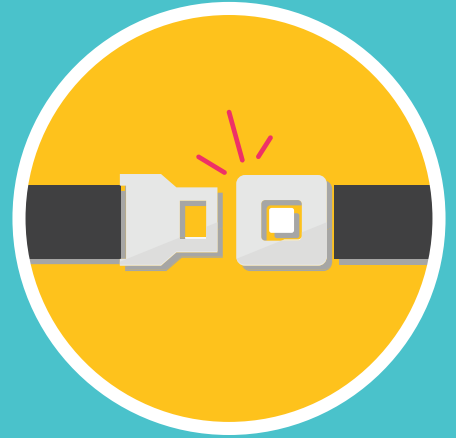

to stay safe when using on-demand ride services.

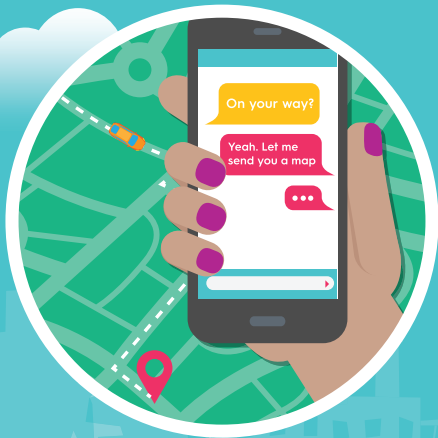

Only use services that keep your phone number and personal details *private*.

Double check that your driver's license plate number, photo, or cab number matches what's displayed in the app.

Always fasten your seatbelt.

Send your ride details to a friend or family member *before heading out*.

Never hand your credit card to a driver—pay in app or swipe your card on the credit card device in the backseat.

Collect your belongings *before exiting* the car.
